Date:

Ref : Bokaro/ BSL/Qtr/25-01

To,

Director In Charge
SAIL ,Bokaro Steel Plant
Bokaro Steel City

Subject : Request for allotment of a quarter in Township area in Bokaro.

Dear Sir,

We are a registered organization running in Bokaro since last 20 years. We are working for social development of women, children and old age people through training , awareness and engagement in Bokaro.

We also work for the social upliftment of old age people in Bokaro because large numbers of residents are retired and residing here in Bokaro alone. Their children are working outside Bokaro or country and they are dwelling very alone in home. We are engaging them or organizing day care centre in our office and conducting social engagement with conducting awareness programs and day care activities.

We request you to please allot a quarter in Bokaro steel township so that maximum participation of old age people can be organized in center , and they will busy themselves with games , program and activities . Old age people can not travel a long distance so request you to please allot a BSL quarter in township so that we can run a success center with your support.

We request you to please consider our request and allot a quarter in township to serve the old age people of Bokaro with better serving for society upliftment.

Kind regards,
Yours Faithfully

(Kumari Urmila)
